# Accessories

**Active carbon filters, in-line bactericidal UV lights, water treatment systems with reverse osmosis and electric anti-limescale... Discover how you can improve the quality of your water using our optionals.**

## Active carbon filters

Purifies the water making it crystal clear, odorless and tasteless. It filters out all impurities up to 0.5 microns, removes all odors and unwanted tastes such as chlorine, asbestos fibers and some microorganisms such as Cryptosporidium.

- Everpure 4C (11,000 lt. capacity)
- Everpure AC (2,800 lt. capacity)
- Everpure Microguard PRO 2 (capacity 8.330 lt.)
- 3M AP2-C401-SG (capacity 4.000 lt.)

## UV filters (12w)

UVC lamp in-line

## UVC lamp at outlet (4w)

Protects the dispensing area from bacterial growth, avoiding the risk of retro-contamination.

## Nano Silver pipe

Stainless steel tube AISI 316L with an innovative nanotechnology-based SILVER ion treatment on the surface.

Silver is naturally bacterio-static and so reduces bacterial growth in the pipe.

The surface treated with these nano particles is much more compact and smooth: this prevents the formation of deposits, biofilm or bacterial colonies and because the water flows better through the tube, also reduces dripping at the end of dispensing.

## Cabinet

- With optional cup dispenser
- Filter bracket
- Brackets for 4 or 10kg CO<sub>2</sub> gas cylinder
- Adjustable feet
- Locks using same key as Wave cooler

## BCC housing

Specifically designed to house the Co2 gas cylinder (4kg max) in a safe way, without increasing the floor-standing space of the water-cooler.

## Cup dispenser

## Sport bottles and water bottles

\*Space for own logo or message

Sport Bottle 60 cl.    Inox Bottle 50 cl.    Style Bottle 75 cl.    Click Bottle 100 cl. - 50 cl. - 25 cl.

## Sanitizing products

Sanitizing and clearing products for the plants

## Pressure reducers

CO<sub>2</sub> pressure reducer for refillable or single-use cylinder, water block, water pressure reducer.

## Python with recirculation pump

## CO<sub>2</sub> cylinder

CO<sub>2</sub> single-use cylinder, 0,600 Kg

All filtration proposals are approved by the Ministry of Health. The potable mains water supply is improved with filtration that maintains all the minerals and beneficial properties of the water whilst refining the taste and quality

## Certifications

BluPura cited by Greenpeace as "an exemplary company" in their report on Cooling Technologies.
